Forward-Looking Statements and Information

All figures shown in Canadian Dollars (“CAD”) unless otherwise stated.

Certain information included herein is forward-looking information within the meaning of applicable Canadian securities laws. Forward-looking information may include statements regarding the objectives, business strategies to achieve those objectives, expected financial results (including those in the area of risk management), economic or market conditions, and the outlook of or involving Superior, Superior LP and its businesses. Such information is typically identified by words such as “anticipate”, “believe”, “continue”, “estimate”, “expect”, “plan”, “forecast”, “future”, “outlook”, “guidance”, “may”, “project”, “should”, “strategy”, “target”, “will” or similar expressions suggesting future outcomes.

Forward-looking information in this document includes: anticipated Senior Debt to Credit Facility EBITDA ratio at December 31, 2019, anticipated 2019 Adjusted EBITDA, anticipated impact of IFRS 16 on Senior Debt to Credit Facility EBITDA ratio, anticipated future dividends and re-instatement of the DRIP.

Forward-looking information is provided for the purpose of providing information about management’s expectations and plans about the future and may not be appropriate for other purposes. Forward-looking information herein is based on various assumptions and expectations that Superior believes are reasonable in the circumstances. No assurance can be given that these assumptions and expectations will prove to be correct. Those assumptions and expectations are based on information currently available to Superior, including information obtained from third party industry analysts and other third party sources, and the historic performance of Superior’s businesses. Such assumptions include anticipated financial performance, current business and economic trends, the amount of future dividends paid by Superior, business prospects, utilization of tax basis, regulatory developments, currency, exchange and interest rates, future commodity prices relating to the oil and gas industry, future oil rig activity levels, trading data, cost estimates, our ability to obtain financing on acceptable terms, the assumptions set forth under the “Financial Outlook” sections of our Q3 2019 Management Discussion & Analysis (“MD&A”). The forward looking information is also subject to the risks and uncertainties set forth below.

By its very nature, forward-looking information involves numerous assumptions, risks and uncertainties, both general and specific. Should one or more of these risks and uncertainties materialize or should underlying assumptions prove incorrect, as many important factors are beyond our control, Superior’s or Superior LP’s actual performance and financial results may vary materially from those estimates and intentions contemplated, expressed or implied in the forward-looking information. These risks and uncertainties include incorrect assessments of value when making acquisitions, increases in debt service charges, the loss of key personnel, fluctuations in foreign currency and exchange rates, inadequate insurance coverage, liability for cash taxes, counterparty risk, compliance with environmental laws and regulations, reduced customer demand, operational risks involving our facilities, force majeure, labour relations matters, our ability to access external sources of debt and equity capital, and the risks identified in (i) our MD&A under the heading “Risk Factors” and (ii) Superior’s most recent Annual Information Form. The preceding list of assumptions, risks and uncertainties is not exhaustive.

When relying on our forward-looking information to make decisions with respect to Superior, investors and others should carefully consider the preceding factors, other uncertainties and potential events. Any forward-looking information is provided as of the date of this document and, except as required by law, neither Superior nor Superior LP undertakes to update or revise such information to reflect new information, subsequent or otherwise. For the reasons set forth above, investors should not place undue reliance on forward-looking information.

Recent Developments

- Announced yesterday completion of Strategic Review of Specialty Chemicals Business, along with re-establishment of the DRIP
 - Strategic Review Process was kicked off in June of last year, and garnered interest that was in line with Management's expectation;
 - Negotiations continued into January of this year, Management concluded it was not in Superior's best interests to proceed with a sale of Specialty Chemicals at this time;
 - As a result, Management also deemed it prudent to re-establish the DRIP commencing with the anticipated February dividend which would be payable in March;
 - Re-establishing the DRIP will provide Superior's shareholders with the opportunity to reinvest their cash dividends in Superior at a 4% discount to the market price of Superior's common shares;
 - DRIP proceeds will be used for debt reduction and general corporate purposes, which includes providing funding for retail propane acquisitions;
 - Superior continues to execute on its retail propane distribution tuck-in acquisition strategy and has, during the past ten months, acquired approximately ~\$95 million of retail propane distribution assets.

2019 Adjusted EBITDA Guidance and Leverage

- 2019 Adjusted EBITDA guidance range confirmed at \$490.0M-\$530.0M

Guidance	2019
Adjusted EBITDA Guidance ⁽¹⁾⁽²⁾	\$490-\$530 million
Senior Debt to Credit Facility EBITDA ⁽¹⁾⁽²⁾	3.6X – 4.0X

- Total Debt to Adjusted EBITDA leverage ratio is estimated to be up to 0.1x higher than the Senior Debt to Credit Facility leverage ratio due to the impact of IFRS 16

Senior Debt to Credit Facility EBITDA⁽¹⁾

- The leverage ratio decreased by 0.5x due to cash from operations reducing debt levels

Non-GAAP Financial Measures

Throughout the presentation, Superior has used the following terms that are not defined by GAAP, but are used by management to evaluate the performance of Superior and its businesses. Since non-GAAP financial measures do not have standardized meaning prescribed by GAAP and are therefore unlikely to be comparable to similar measures presented by other companies, securities regulations require that non-GAAP financial measures are clearly defined, qualified and reconciled to their nearest GAAP financial measures. Except as otherwise indicated, these Non-GAAP financial measures are calculated and disclosed on a consistent basis from period to period. Specific adjusting items may only be relevant in certain periods. The intent of non-GAAP financial measures is to provide additional useful information to investors and analysts and the measures do not have any standardized meaning under IFRS. The measures should not, therefore, be considered in isolation or used in substitute for measures of performance prepared in accordance with IFRS. Other issuers may calculate non-GAAP financial measures differently.

Investors should be cautioned that Adjusted EBITDA, EBITDA from operations and AOCF should not be construed as alternatives to net earnings, cash flow from operating activities or other measures of financial results determined in accordance with GAAP as an indicator of Superior's performance.

Superior Non-GAAP financial measures are identified and defined as follows:

Adjusted Operating Cash Flow before transaction and other costs per share ("AOCF")

AOCF is equal to cash flow from operating activities as defined by IFRS, adjusted for changes in non-cash working capital, other expenses, non-cash interest expense, current income taxes and finance costs. Superior may deduct or include additional items in its calculation of AOCF; these items would generally, but not necessarily, be items of a non-recurring nature. AOCF is the main performance measure used by management and investors to evaluate Superior's performance. AOCF represents cash flow generated by Superior that is available for, but not necessarily limited to, changes in working capital requirements, investing activities and financing activities of Superior. Please see the "Adjusted Operating Cash Flow Reconciled to Net Cash Flow from Operating Activities" section of Superior's Q3 2019 MD&A.

Adjusted EBITDA

For the purposes of this presentation Adjusted EBITDA represents earnings before taxes, depreciation, amortization, finance expense, and certain other non-cash expenses and transaction and other costs deemed to be non-recurring, and is used by Superior to assess its consolidated results and ability to service debt. The EBITDA of Superior's operating segments may be referred to as EBITDA from operations. Please see the "Reconciliation of Net Earnings before Income Taxes to Adjusted EBITDA" section of Superior's Q3 2019 MD&A.

EBITDA from operations

EBITDA from operations is defined as adjusted EBITDA excluding gains/(losses) on foreign currency hedging contracts, corporate costs and transaction and other costs. For purposes of this presentation, foreign currency hedging contract gains and losses are excluded from the results of the operating segments. EBITDA from Operations is used by Superior and investors to assess the results of its operating segments. Please see the "Reconciliation of Divisional Segmented Revenue, Cost of Sales and Cash Operating and Administrative Costs" section of Superior's Q3 2019 MD&A.

Senior Debt

Senior Debt includes total borrowing before deferred financing fees and vehicle lease obligations, and excludes the remaining lease obligations. Senior Debt is used by Superior to calculate its debt covenants and other credit information.

Credit Facility EBITDA

Credit Facility EBITDA is defined as Adjusted EBITDA calculated on a 12-month trailing basis giving pro forma effect to acquisitions and dispositions adjusted to the first day of the calculation period, and excludes the impact from the adoption of IFRS 16 and EBITDA from undesignated subsidiaries. Credit Facility EBITDA is used by Superior to calculate its debt covenants and other credit information.

Senior Debt to Credit Facility EBITDA

Senior Debt to Credit Facility EBITDA is defined as Senior Debt divided by Credit Facility EBITDA. Senior Debt to Credit Facility EBITDA is used by Superior for calculation of bank covenants and other credit information.

Payout Ratio

Payout ratio represents dividends paid as a percentage of AOCF before transaction and other costs less maintenance capital expenditures, CRA payments and capital lease repayments and is used by Superior to assess its financial results and leverage. Payout ratio is not a defined performance under GAAP. Superior's calculation of payout ratio may differ from similar calculations provided by comparable entities.

For additional information with respect to financial measures which have not been identified by GAAP, including reconciliations to the closest comparable GAAP measure, see Superior's Q3 2019 MD&A, available on SEDAR at www.sedar.com
